

# 6th RUSSIAN NATIONAL CONGRESS OF RADIOLOGY

## RADIOLOGY-2012

May 30 – June 1, 2012  
Moscow, Crocus Expo International  
Exhibition Center

Dear Colleagues!

On May 30 – June 1 Moscow will host the 6th Russian National Congress of Radiology. This traditional event returns to its usual venue: Crocus Expo International Exhibition Center. Every year this forum introduces new topics, improves organization, and welcomes an ever-increasing number of participants.

Over the last two decades there has been a significant redistribution of the importance among various methods of radiological diagnostics. Today more than half of radiological tests are done through ultrasonography, and if we count in cardiological ultrasonography testing, the share is even larger. Despite this fact ultrasonography was scarcely represented at previous Congresses, with just one session (although in the largest room), and several unrelated panel discussions in other days. I think it is high time we did something to mend this situation. The ultrasonography topic this year will be considerably expanded. We will arrange for separate sections discussing ultrasonography in obstetrics and gynecology, cardiology and angiology, tumor diagnostics, etc.

We expect that our traditionally popular events will continue the tradition this year. The following key events will be included:

- A joint session with the European Society for Cardiovascular Radiology: "Russia Meets ESCR";
- A joint session with the Japanese Society of Radiologists;
- A joint session with the Ukrainian Association of Radiologists.

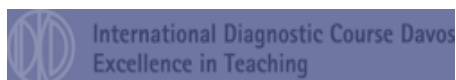

The Congress will also include the meeting of the Radiological Diagnostics Session of the Expert Council of the Russian Ministry of Health Care and Social Development. The meeting will discuss important issues in the sphere of radiological diagnostics.

I am confident that the Congress will play an important role in the development of radiological diagnostics in our country.

Vladimir V. Mitkov, M.D., D.Sc. (Med.) Professor, President of Congress'2012

**44th International Diagnostic Course Davos (IDKD) Education in Medical Radiology**

Date: 25.03.2012 - 30.03.2012

Venue: Congress Centre Davos

City: Davos

Country: Switzerland

Language(s): English

Website: <http://www.idkd.org>

Topic(s): Neuro, Head and Neck,

Nuclear Medicine, Pediatric

Attendees: 1,000 - 2,500

**ECIO 2012**

Society/Institution: CIRSE Foundation

Date: 25.04.2012 - 28.04.2012

Venue: Palazzo dei Congressi

City: Florence

Country: Italy

Language(s): English

Website: <http://www.ecio2012.org>

Topic(s): Interventional Radiology Oncology

Attendees: 1,000 - 2,500

**ESPR 2012**

Society/Institution: European Society of Paediatric Radiology (ESPR)

Date: 28.05.2012 - 01.06.2012

Venue: Athens Hilton Hotel

City: Athens

Country: Greece

Language(s): English

Website: <http://www.espr2012.org>

Topic(s): Pediatric

**23rd ESGAR Annual Meeting and Postgraduate Course**

Society/Institution: European Society of Gastrointestinal and Abdominal Radiology

Date: 12.06.2012 - 15.06.2012

Venue: Edinburgh International Conference Centre

City: Edinburgh

Country: United Kingdom

Language(s): English

Website: <http://www.esgar.org>

Topic(s): Gastrointestinal Tract, Abdominal Viscera,

Computed Tomography, Interventional Radiology

Attendees: 1,000 - 2,500
